It is a coalition of women working to elect Meg Whitman the next Governor of California.

Why MEGaWomen?

California is home to 13 million adult women and more than 850,000 women-owned businesses. The MEGaWomen coalition will provide an opportunity for dynamic women throughout California - Republicans, Democrats and independents - to Recruit, Volunteer and Vote for Meg Whitman for Governor. eBay's foundation was built on the power of many, so by harnessing the energy, ideas, and inspiration of California women through MEGaWomen, we will be able to work to elect Meg Whitman Governor, and restore the Golden State.
